

23rd February 2016

Farewell to two faithful friends.

After fostering Uisce for 14 years and Billy for 7 years I felt the time was right to ask for them to be re-homed.

After medical exams and test they were declared fit to be moved together direct to a new home. The big day arrived and Sharon, our Welfare Officer, came with transport.

Up early to get them clean and tidy to meet their new owners and then it was time to say goodbye and get them loaded into their transport – not easy!!

Eventually they were in, Billy first and, after a tussle, Uisce followed and soon settled to munching the straw and hay provided.

They set off at 11.30am and arrived at their new home at Frodsham in the late afternoon.

While we were sad to see them go, their new owners were very excited as they waited for their arrival and are looking forward to many years of fun with them.
